About Us

Gulf IT Network Distribution is acclaimed as an organic and growing "True" Value-Added IT Distributor across the Middle East regions with on-the-ground presence in 7 countries.

With its innovative Security Framework, Gulf IT Network Distribution is also recognized as a "Trusted Advisor" to over 100 enterprises and government customers that use one or more of Gulf IT Network Distribution's best-of-breed and market-leading technologies, sold through its Channel network of over 50 Partners.

The Gulf IT Network Distribution Company Solution Lifecycle helps Channel Partners differentiate offerings, and assists customers to identify key risks and define priorities for addressing IT Security gaps relating to compliance and next-generation threat protection.

Gulf IT Network Distribution product portfolio focuses on delivering high value security solutions to meet end-to-end security requirements of customers across the region.
